MID-ATLANTIC SEARCH is being conducted for this giant Air France flying boat, a Latécoere 631, missing for four days after it took off on a routine flight from Martinique to French West Africa. Plane carried 40 passengers and 12 crew members. Paris buzzed with reports early today that the plane had been found with passengers safe but later Air France categorically denied the reports.

## Martin Backs St. Laurent For Liberal Leadership

## Macdonald Is Not in Race

OTTAWA, Aug. 5.—(CP)—A strong surge of support for external affairs minister St. Laurent as the next party leader developed today at the opening of the national Liberal convention.

One factor strengthening his cause was a public announcement by Health Minister Martin, who has been considered a possible serious contender, that he would support Mr. St. Laurent.

While there was no definite statement from any quarter, support for Agriculture Minister Gardiner and Hon. C. G. Power, both of whom have announced their candidacy, appeared to be dwindling in convention gossip.

Although the leadership ballot was still to be held in two days, party delegates indicated they thought Macdonald was still going on as the caucus continued a short time before the general assembly of the convention convened for its late afternoon sitting.

If Mr. Macdonald sticks by his decision, it will mean the race has been narrowed down to External Affairs Minister St. Laurent, Agriculture Minister Gardiner and Hon. C. G. Power, former air minister.

## PGE Extension To Be Talked

OTTAWA, Aug. 5.—(CP)—Premier Byron Johnson of British Columbia will meet in Montreal next Monday with President R. C. Van der Grinten of the Canadian National Railway and W. A. Mather of the Canadian Pacific Railway to discuss extension of the Pacific Great Eastern railway into the Peace River bloc in B.C.

Premier Johnson will leave for Montreal after the close Saturday of the national Liberal convention. The railway extension would put the province-owned PGE from the present end of the line at Quesnel to the Cariboo north through Prince George and then northward into the Peace River area.

## Communist Hearings 'Red Herring'—Truman

(Earlier Report on Page 5)

WASHINGTON, Aug. 5.—(AP)—A story of uranium, raw material for atomic bombs, being shipped to Russia during the war was told today to Congressmen investigating Communist activities in the government.

Representative John McDowell (Rep. Pa.) told it, but withheld details.

It came as the whole issue of congressional hearings on the Communist threat to the government has been a "red herring" intended party.

## COMICS, MAGAZINES TO GO?

## Alberta Druggists May Ban Salacious Books

Salacious literature in comic books, magazines and books, may disappear soon from Alberta drug store newsstands.

Canadian Pharmaceutical Association, which is holding its 44th annual convention in Windsor, Ont., will ask all members throughout the Dominion to take a stand against newsstand publishers circulating salacious literature.

The association has been waging a 15-year war on the "sexy" literature and this year will intensify the drive to ban salacious publications from drug store newsstands.

In Edmonton in recent years an "unofficial" drive has been tried, with each individual druggist using his own discretion as to what publications should be sold on newsstands.

Walter Sprague, vice-president of the Canadian Pharmaceutical Association, told the Bulletin today that the provincial association will urge the national body to make a recommendation.

Edmonton Retail Druggists Association will also support the drive.

## 'TUNNEL GANG' THUG TORTURED TO DEATH

JOLIET, Ill., Aug. 5.—(AP)—The tortured body of a man found stuffed in the trunk of an automobile was identified today as that of George A. (Red) Smyth, 28, member of the "Tunnel Gang" of currency exchange robbers.

The body was discovered by John Williams of Lockport, Ill., about 30 miles southwest of Chicago.

Smyth was arrested by Chicago police in March. He was the last to be arrested of the so-called "tunnel gang," which dug into currency exchanges at night, then held up officials upon their morning arrivals.

Two others, Nick Lococo and Harry T. Wagner, have been sentenced to 40 to 50 years for burglary and are awaiting trial on charges of murdering Otto Freund, wealthy retired executive, in his Wilmette, Ill., home, Dec. 27, 1946.

A fourth gang member, Raymond Auburn, was killed in an automobile accident June 28. Smyth was awaiting trial for burglary.

## Sugar Shortage Easing in Sight

Footwear housewives who for the past two weeks have lumbered city grocery stores for sugar, may find the shortage eased by next week.

Although retailers today reported no immediate signs of a letup in the scarcity, city wholesale firms were optimistically predicting easing of the shortage by the end of this week.

Most of the scarcity has been in use in transportation from B.C. distributing points, dealers said today.

## 'Fire Bug' Is Suspected

Fire which destroyed the hamlet of Blueberry 101 miles of the Alaska highway Tuesday, forcing six families from their homes, may have been set.

Ralph Angley, British Columbia forest ranger, said he was convinced there was a "fire bug" in the district. Reports over the last three years show that fires started in the same area about the same time and under unusual circumstances.

The evacuated families went to Fort St. John and Dawson Creek where they were taken in by relatives and friends. They carried with them little more than a few personal belongings. The families lived in converted army barracks located in converted army barracks located in converted army barracks.

CALGARY, Aug. 5.—(CP)—One of the Foster triplets, born here July 27, died in hospital today. They were the first triplets born in Calgary in more than 12 years.

## 'Floating Buildings' Not A Mirage—They're Real

WINNIPEG, Aug. 5.—(CP)—It is no mirage, it is a reality. Floating buildings are being built in the Arctic by Canadian and American governments.

"Floating houses are our answer to this problem," the buildings are designed on the same principle as a boat, they're not anchored to the ground but float with any movement of the earth's surface.

Similar in construction to Missoula aircraft, the buildings have walls of light plywood, insulated both inside and outside with aluminum. Span glass is used as an additional insulation factor.

If they meet the test of an arctic winter, Mr. Jacobsen said, such buildings likely will become the standard type of construction for all northern weather observation stations.

## Beaverbrook Has Nasal Operation

LONDON, Aug. 5.—(CP)—Lord Beaverbrook, Canadian-born newspaper publisher, today underwent a nasal operation at a London nursing home. A statement issued by doctors said the interference was "limited" and the result of the operation excellent.

## 12 Buildings Are Completely Razed

Special to The Bulletin

LAC LA BICHE, Aug. 5.—Entire business section of Lac La Biche is a smouldering heap of charred ruins today following a spectacular blaze that swept the town at midnight Wednesday.

Loss has been estimated at \$100,000, with 12 buildings completely razed.

Lac La Biche is approximately 100 miles north and slightly east of Edmonton on the Northern Alberta Railway.

Following buildings, comprising an entire block, were completely gutted: Commercial Hotel, Royal Cafe, Shirley Shop, Lac Cafe, Verulles Street and Workmen's King's store and residence, La Biche Mercantile and Warehouse, Press residence and 10 other buildings.

## Red Blockade Is Relaxed

BERLIN, Aug. 5.—(AP)—The Russians relaxed today their financial blockade of Berlin for the present.

The Soviet action came on the third day after western envoys had asked in the Kremlin with Prime Minister Stalin.

It indicated the Russians might be willing to compromise on the east-west currency war, which the Russians assigned as a reason for imposing a land blockade on the city.

Charles Gifford, British finance officer, told a press conference the anti-Communist city government of Berlin had reached an arrangement for the release of enough funds from blocked Russian bank accounts to meet its week-end payment.

Gifford said a similar arrangement was reached for western sector firms.

Meanwhile, the British-led newspaper Die Welt said it had received reports of many hunger demonstrations by Germans in the Soviet zone. The Russians requisitioned food for their announced program of feeding Germans in the western sector of Berlin.

Die Welt said clothes had occurred on farms in the Soviet zone as hungry Germans tried to seize food during harvesting.

## UN Rejects Move To Include Former German Colony

LAKE SUCCESS, Aug. 5.—(CP)—The United Nations trusteeship council last night rejected a Russian move to bring Southwest Africa into the world agency's trusteeship system.

Threw out after being deadlocked twice on a vote to vote, the resolution followed days of debate over the former German colony which has been under the Union of South Africa's administration.

South Africa was given control of the territory after the First World War under a League of Nations mandate. It is the only mandated territory which has not been brought under UN supervision.

In Eastern Germany, Russians have set up a German spy system, rivaling the Nazi Gestapo, says the "Neue Zeitung," official German-language newspaper of the U.S. military government. Russians have established a "political" section at various police headquarters, and there police police watch all Soviet-zone citizens and see that Russian orders are carried out.

# St. Laurent Gets Martin Support

## Truman Says Clay Stays

(Continued From Page 1)

Last night and told friends he would nominate and support Mr. St. Laurent.

One highly-placed delegate told reporters he believed the Alberta provincial election, which commands 97 votes and has been called a Cardin stronghold, will split and cast about one-half of its ballots for Mr. St. Laurent.

## SUPPORTERS CONFIDENT

While a St. Laurent boom thus appeared to be in the making, supporters of the 60-year-old agricultural minister said they were confident Mr. Gardiner would emerge as the new leader when the final count of ballots is made Saturday afternoon.

Mr. Gardiner himself told reporters he would fight for the leadership to the end.

In a brief statement, Health Minister Martin said he had been urged publicly and privately by many individuals throughout the country to enter the contest for leadership.

Although I have already said my position it now seems necessary that I should be further clarified," he said.

He expressed "deep conviction" that with his Liberal allies I know them, Mr. St. Laurent will at this time and in the present circumstances be the best choice for the Liberal party and to the office of prime minister, qualities of leadership which will serve Canada best in these difficult days.

## DETERMINED GROUP

Meanwhile, a determined group of western Ontario Liberals said their "draft Martin" campaign will continue, despite Martin's pledge to support St. Laurent.

Russell A. Farrow, of Walkerville, leader of the drive to have St. Laurent succeed Prime Minister Mackenzie King, said the group is convinced the Liberal minister is the man for the party needs.

## FORMAL STATEMENT

Mr. Farrow, honorary president of the western Ontario Liberal Association, underscored the "Draft Martin" plan in a formal statement issued shortly after a caucus of the 120 western Ontario delegates.

Mr. Martin states unequivocally that he proposed to keep this promise. But, notwithstanding this, the delegates from western Ontario and other parts of the country are determined to double their efforts in the "Draft Martin" campaign.

## Prime Minister Is Let Down

By DICK JACKSON

Edmonton Bulletin Ottawa Bureau

OTTAWA, Aug. 5.—After almost 20 years as their leader, the Liberals today let down Prime Minister King with a demonstration lasting less than a half a minute.

It was a shabby trade of 30 years for 30 seconds.

J. A. Blanchette, Quebec Liberal M.P., appointed co-chairman of the convention, got a bigger hand than the old Mahatma. The Quebecers cheered "Smiling Joe" for at least a couple of minutes.

## KING'S OWN FAULT?

Perhaps it was Mr. King's own fault that the demonstration went limp as a wet rag less than 30 seconds after it started.

The old master paraded into convention hall behind two stirring pipes and immediately took charge. That was his mistake. It wasn't his convention. It was the National Liberal Federation's convention.

# 'CHUBBY' POWER STILL IN RACE

OTTAWA, Aug. 5.—(UPI)—C. G. "Chubby" Power said here today that he was "still standing firm" in his bid for the Liberal party leadership.

"I have no machine, no organization, but I'm still definitely in the running," Power told the British United Press.

"I don't even know who will nominate me, but that's a minor worry."

## St. Laurent Group 'Cocky'

OTTAWA, Aug. 5.—(UPI)—St. Laurent supporters were cocky and confident, David Croll Jr., Toronto-Spadina, said a definite trend in his favor had been established. Defence Minister Clouston said the weight was two or three to one in Mr. St. Laurent's favor.

Premier Walter Jones of Prince Edward Island had a brief tussle with the doormen, stopping anyone who didn't have a pass or other credentials. But he finally got through.

Delegates found themselves staring in every direction at the party slogan, "Liberty, security, freedom."

Resources Minister MacKinnon, just back from a trip to the west, joined Alberta delegates in their provincial caucus room early. His riding is Edmonton West.

## DETERMINED GROUP

Meanwhile, a determined group of western Ontario Liberals said their "draft Martin" campaign will continue, despite Martin's pledge to support St. Laurent.

Russell A. Farrow, of Walkerville, leader of the drive to have St. Laurent succeed Prime Minister Mackenzie King, said the group is convinced the Liberal minister is the man for the party needs.

## TWO BROKEN ARMS

It was a sorry—and sad—end for the man who had kept the boys along the gray train lines many years.

# Party Split Seen Over 'Youth' Group Motions

OTTAWA, Aug. 5.—(UPI)—Delegates to the third national Liberal convention today forecast a split in party ranks over platform resolutions passed by Liberal "youth" groups.

Topping a list of more than a score of resolutions reflecting federal government policy was a demand for "an integrated anti-inflationary program" using price, wage, credit and investment controls where they were considered necessary.

This resolution, passed unanimously by the Canadian University Liberal Federation in time for today's opening session, was interpreted by some senior delegates as a direct attack on the administration's policy of gradualist control.

## FAST HOUSING ACTION

Other major resolutions passed by the junior party members in caucus were:

(1) Fast action by the federal government to "speed up" its low-cost housing program.

(2) A specific demand for an adequate and up-to-date force to defend Canada against any potential attack; to enable her to meet the "Communist menace," and to fulfill her international commitments.

(3) Immediate reconvening of Dominion-provincial talks to align Ontario and Quebec with the other seven provinces where social security and public investment programs are concerned.

(4) Immediate lowering of trade barriers between Canada and the United States.

(5) Immediate abolition of Canadian appeals to the Imperial Privy Council.

Another resolution, which is expected to meet heavy disagreement in many quarters, urged that senators be retired from the upper chamber upon reaching their 75th birthday.

Other resolutions demanded that Canadian Indians be accorded full citizenship rights; and that the government adopt "with the least possible delay" a distinctive Canadian flag containing neither the Union Jack nor the Fleur de Lis.

Still another noted "whereas"

Canadian citizens of Japanese origin have in the past been shamefully deprived of their rights as citizens, never again under Liberal leadership shall any Canadian citizen be deprived of any of his rights for racial reasons."

## CAN'T BE IGNORED

All the junior Liberal resolutions—regarded here as political "hot potatoes"—will go before the convention-at-large and the senior leadership committee on Friday.

Observers are of the opinion that at least some will have to be incorporated into the party's platform which, with the election of a new party leader to replace Prime Minister Mackenzie King, will emerge from the convention.

# 107 Avenue Gets Motor Bus Service

## Trolley Buses Go Into Operation August 22

Motor buses will replace street cars on 107 avenue commencing next week, it was announced today by Thomas Perrier, superintendent of the transit system.

The change from street car to motor bus service is being made to permit paving of steel crossings on 107 avenue, and to facilitate the stringing of overhead wires for trolley bus operation along the avenue.

### 15 MINUTE SERVICE

Mr. Perrier said the change-over to trolley bus operation on the avenue would commence August 22. Motor buses will operate on a 15-minute service, with a 10-minute service being maintained during the rush hours.

The buses will operate from 108 avenue and 124 street, east on 107 avenue to 101 street, and then south to Jasper avenue and return.

### CAR CHANGES

The Red and Green sign street cars, now operating over this route, will be routed along Jasper avenue to 91 street, where they will turn. These cars will operate between 91 street and Jasper avenue and 104 street and Whyte avenue.

Red and White sign cars, operating during the rush hours, will be taken off the 101 street line and will operate along 91 street.

## Police Seek Escapees

A ward of the Children's Welfare Department and an escaped inmate of Ponoka Mental Hospital, are sought by city police today.

The 15-year-old girl, described as being five feet four inches tall, dark complexion, dark hair and wearing a brown skirt and yellow blouse is missing from the custody of the Children's Welfare Department.

An 18-year-old male, who escaped from the Ponoka Hospital is thought to be in Edmonton. He is five feet five inches tall, weighing 115 pounds, and is believed to be wearing light grey trousers, brown cap and no coat.

## Forest Protection Urged By Group

Purvised areas of Alberta will be visited by two educational units of the Canadian Forestry Association, in co-operation with the Alberta Forestry Service and Superintendents of National Parks.

They will be equipped with sound motion pictures to urge the protection of Canada's natural resources.

"Our forests are the home of wild life, the background for our growing tourist industry, and the mainstay of our second greatest industry," said Alan Beaven, manager of the Prairie Provinces Division.

Programs given by units of the Association are educational, entertaining and free to the public and are directed by John Coats and Barry Beaven of Winnipeg.

Requested recorded radio-activity in 1948 when some rhodonite ore was found in the area, in pressing the building of the uranium.

## Bermuda Man Visiting City

A. M. Mitchell of Bermuda, president of the Bermuda Coal and Coke Ltd., is visiting with Edmonton officials of the company.

He will leave this week-end for an inspection tour of the mines operating along the Coal Branch.

## Two Alberta Roads Closed

Two roads in Alberta are closed and there are ten detours due to the operations of 27 road gangs, according to the daily road report issued today by the provincial department of public works.

The two roads closed to traffic are the Grimshaw-Slave Lake road beyond mile 235 and the Flatbush-Sault Ste. Marie road.

In some places where highway revision is taking place, traffic is being directed to use old or new highways as circumstances demand.

The report reveals surfacing is still continuing between Edmonton and Spruce Grove.

Traffic is being accommodated through work on the Jasper highway from Seba Creek to Edson.

## Power Break Douses Lights

Residents in the Highlands, and the northeast section of the city were without light and power Wednesday night.

A break in supply occurred at 11:30 p.m., and service was not restored in these districts until 1:30 this morning.

The break resulted when a line on a 13,000 volt primary dropped on a 2,300 volt primary, caused a surge back of power which burnt out some equipment at the east end substation at 115 avenue and 82 street.

Three men were taken into custody for questioning, July 29, following the slaying of Harbark.

A 45-year-old Riverdale district farmer, who died as a result of injuries received during a beer parlor brawl at Ryerford, July 28.

Of the three men, Fick is the only one to be charged with Harbark's murder, to date.

The other two men are believed to be in custody of RCMP on technical charges of creating a disturbance.

**GERMANS SEE HAMLET**  
LONDON. — (CP) — The British film Hamlet was shown to an international gathering at the recent opening of a new cinema in Rotterdam.

It was the first time that the film had been shown in the British sector of Berlin.

Construction of a new cinema in Rotterdam.

Value of the permit was \$73,500. Contractor on this project is Peole Construction Co. Ltd.

Thirteen permits were issued to Mack Construction Co. Ltd. for the erection of 13 homes each costing \$5,500. The houses will be located in the 88 block on 90 and 91 streets.

Sixteen land sales totalling \$12,940 were made by the city land department since August 1, 1947, from which will flow a \$112,500 construction program.

Ten of the sales were to prospective home builders. Value of the structures to be erected in them is estimated at \$30,000.

Other structures to be erected include two \$20,000 warehouses, a \$10,000 store building, a bakery shop costing \$10,000, and an office building.

Value of a permit was \$12,500.00. Total of permits issued for the homes this year now stands at 1,462.

The cash value of these permits is \$8,717,500.

This constitutes an all time record for the number of homes under construction, and also for value of construction.

An Edmonton man is in hospital today after being injured in a freak traffic accident Wednesday, at 93 street near 120 avenue.

He is Alan Cocks, Suite 2, McDougall Court, milk delivery man. According to police Cocks was injured when he jumped from his milk wagon towards the street and fell on the hood and right front fender of a passing automobile.

The car was operated by Allan A. McVey, 11947 88 street, police allege.

Cocks suffered bruises and shock in the accident and was taken to the Royal Alexandra hospital by Jack Hays ambulance.

His condition is reported as "good."

**STRANGE ROMANCE** appears to be in the making with baby seal "Sleepy" virtually kissing warmedhearted cocker spaniel "Dagwood" in a Vancouver pet shop. Fishermen found "Sleepy" sleeping in Howe Sound,

and gave her to pet shop. For time being "Sleepy" shares goldfish pond with 500 fish, enjoys a diet of mashed herring, and milk from sponge. She just loves to rub noses with people and get chin scratched.

## THIRD DEATH FROM POLIO

Provincial total of polio cases rose to 18 today, with the reporting of two new cases.

Victims of the disease are a 12-year-old girl and a seven-year-old boy from Grande Prairie.

Third polio death for 1948 occurred Wednesday.

Frank McCrone, 24-year-old farmer from the Lethbridge district, died in hospital, at Lethbridge.

## Thieves Gain Little Loot

Thieves who entered a city firm's warehouse at the exhibition grounds, and attempted to gain access to a local meat and grocery shop overnight gained little loot.

Working way stolen when entry was made to the Alberta Co-operative Association's warehouse in the Motor Transport building at the exhibition grounds.

Burglar smashed a window to permit access to the building.

The clatter of window chains which gave away after they had been on the glass and released the window catch frightened would-be thieves into flight when they attempted entry at the National Meat and Grocery, 10875 55 street, early this morning.

Inspector Nick Welehuak told police he and his brother who occupy living premises in the building heard the retreating footsteps of the burglars, and called police.

A prowler car responded and an unsuccessful search of the area made.

**Father And Sons Get Heavy Fines**

VANCOUVER, Aug. 4. — (CP) — J. L. Northey, 68-year-old contractor, yesterday was sentenced to one day in jail and a fine of \$10,000 on charges of income tax evasion.

The sentence, imposed in county court, was a sequel to an order for retrial issued by the supreme court of Canada.

Northey was originally sentenced in February, 1947, to 18 months in jail and a \$10,000 fine on an identical month. His sons, Paul and Archibald, were sentenced to three years each, \$20,000 fine or an additional six months each.

The two sons will now serve six months each and pay \$10,000 fines.

In imposing the sentence, the judge, Judge Sargent acted on the testimony of J. W. Deh-Pare, who said a long term would be a "death sentence" to the elderly manufacturer who suffers from a heart disease.

**Asks and Receives Penitentiary Term**

A request for a penitentiary, rather than a jail, sentence was made by George F. Davis when he pleaded guilty in police court today to obtaining \$2,000 on a fraudulent car deal.

Magistrate H. L. Howe sentenced him to the minimum penitentiary term of two years.

Court was told that the man had hesitated in establishing himself in civilian life, after armed force services as he had no trade.

"If I go to Prince Albert (penitentiary) I may have the opportunity of learning a useful trade, and still gain behavior I might not have in about a year," Davis told the magistrate.

Police said the accused sold an automobile to an Edmonton car dealer, receiving \$2,000 for it, while

## Flying Tourists Visit At Dawson En Route

DAWSON CREEK, Aug. 5.—Thirty-eight tourists flying 13 light planes arrived at the local airport here on Saturday afternoon en route to Alaska, on a flying holiday. Led by L. S. "Doc" White, president of the Aero Credit Corporation of Portland, Oregon, the planes came in a group but not in formation.

Free taxi service from and back to the airport was provided and a lunch was held for them in the downtown hotel.

Each member of the group received a small replica of the "Mile 0" post as a memento of Dawson Creek. While the pilots and their companions were at luncheon their aircraft were serviced and refueled by Inter-Provincial Airlines.

A direct broadcast was made from the scene through CIBC Dawson Creek's radio station. This group of private plane owners is expected back here in about 10 days time, when a larger group is expected shortly from the U.S.

## Leduc Derrick Now In Toronto

TORONTO, Aug. 5.—(CP)—A 100-foot rotary oil derrick from Leduc oil field in Alberta was raised on the Canadian National Exhibition grounds Wednesday in less than 15 minutes.

The derrick, which will operate on the grounds during the CNEX scheduled to open Aug. 27, was "raised by its own bootstrap."

No machinery other than the motor on the derrick was used to hoist the rig. Cables led through pulleys at the top of the derrick hoisted the 20-ton structure as it went no bigger than a lamp post.

The derrick's regular crew began drilling immediately but oil company officials say there is not much chance they will strike oil. If they do, however, the oil will belong to the city of Toronto, which owns mineral rights to the CNEX grounds.

## Clergyman Gives Farewell Sermon

HIGH PRAIRIE, Aug. 5.—Rev. E. C. Dickson of St. Mark's Anglican church preached his farewell sermon on Sunday, July 25, and left with his wife and daughter Carol last week for the new parish at Lewistown, Montana. The family will be greatly missed by many friends here.

A. Landry, Indian superintendent, made an emergency trip by plane from Peace River to Whitefish Lake, bringing back a sick Indian woman to the Peace River hospital.

Robert Murray of Canyon Creek has been a patient in Providence Hall, following a motorcycle accident in which he broke a shoulder and suffered cuts and bruises.

## Digging Seneca Still Pays Off

ROCKY MOUNTAIN HOUSE, Aug. 5.—Treaty and non-treaty Indians around Rocky Mountain House are almost through digging Seneca root for this year and are off visiting around the province on the proceeds, gay in bright clothes and colored beads.

This year they got 45¢ a pound for wet seneca, which means a dollar and half dry, per pound, for seneca shrinks two-thirds as it dries.

Indians here have been working each summer at the trade their ancestors brewed it themselves. A few still make medicine, but the young Indians will not take it, saying they prefer "store" medicine, that is not so bitter.

A hard working Indian or his squaw can dig 100 pounds a week in a good spot, which means an income of \$40 to \$50 a week these days.

If they live far enough out, they will dig all week, till Saturday, then come in to sell it. They insist on cash, no cheques for them and no Indian here has ever been known to go inside a bank.

The root seems to only grow in bush land that is not too dry. No one ever hears of its growing on the prairie. One field near Rocky is supposed to be one of the best in the west and thousands of pounds are dug there every summer.

Shorthorns Sent To Whitehorse

DAWSON CREEK, B.C., Aug. 5.—Three head of purebred Shorthorn cattle were transferred from train to truck here recently on their way to the Dominion Government Experimental Station near Whitehorse, Y.T.

The shipment consisted of a young bull from Lacombe, and two two-year-old heifers from Scott, Saskatchewan.

There are several buyers here, who buy it green and dry. They would much prefer to buy the dry root, but the Indians more around too much to stay in one place and dry it, and besides, they are always anxious for the money, and as soon as they dig a few pounds, they rush to town to sell it.

To dry the roots must be spread out and turned every day or two for about a month. Unless it is thoroughly dried, the roots are brittle, it will spoil.

The Indian husband may be master in his tent, but his squaw brings in her own seneca root to sell, as do all the diggers. Little by little, the market is being taken over by the white man, and 50 or 60 cents worth, take their money and hurry to buy candy, ice cream or bananas. One very fat squaw came in with a sackful, sold it and hurried out for a permanent wave.

Young men sawed die enough to buy silk stockings and high heeled pumps, saying they are sick of moccasins. Many a pound is sold to buy he felt the Social Credit government was doomed.

Mr. Colwell said that the Hon. Mr. Isley was representing the Minister's committee, the Liberal Conservative and Social Credit parties when he was at the Privy Council in London, where the appeal on Saskatchewan's Farm Security Act of 1944 was heard.

Mr. Colwell said his party did not invite the Labor-Progressive vote, nor had they any union with them, such as the Liberal party had in 1944, or the Social Credit party had in the East Edmonton by-election when Orvis Kennedy was elected.

Mr. Colwell urged support for N. W. Dushinsky, the CCF candidate for the Winnipeg constituency. Mr. Dushinsky was also an afternoon speaker.

George Mihalobon of Hairy Hill was chairman of the meeting.

Premier Manning At Waskatenau

WASKATENAU, Aug. 5.—Premier H. C. Manning spoke on Tuesday at the Waskatenau Community Hall. He introduced Peter Chabot, Social Credit candidate for the Red Deer constituency, who spoke briefly.

The premier's speech concerned the Social Credit party's 10-point plan for the next five years.

Plans are to be made for increased rural electrification in accordance with the wishes of the people.

Premier Manning said that farming conditions in Alberta will be improved through expanded home economy, district agricultural and veterinary services, besides promotion of irrigation projects in the south, and reduction of pest, weed, drought and frost damages.

He also said that the Social Credit party plans program of co-operation to stabilize prices for the farmer.

Mr. Manning ended with a warning that other parties, such as the Liberal party, which in Communism, could ruin the work done by the Social Credit party. A large crowd attended the gathering.

## It Was No Surprise

There wasn't much real gloom in the Cub dressing room following that decisive Wednesday setback at the hands of Babs. The handovering has been on the wall most of the way.

"That's it," someone observed. "We're definitely also-rans from here on in."

Ray Enjan, one of the stars of the club's unsuccessful fight to make up for a horrible early-season beginning, hustled into his street clothes. He topped off his ensemble with a ray college-bat hat.

"Sure I want to come back," he insisted. However, the San Francisco student, was quick to add he probably wouldn't be able to get here for the 1949 season any earlier than for this one.

It's doubtful if management of Cubs will stand for a repetition of their initial troubles of the current campaign. There's no denying that the weak line-up which represented Laurel Harney's aggregation over the first 25 games or so reared its head.

The coming of Enjan and Ray Buono, particularly, provided a vital spark missing in the early weeks. As a matter of fact one of the pair of San Francisco boys joined the club around June 20 Cubs began to dish it out as pretty good style.

## Powder Puff Attack

However, the Harney-men never could quite turn on the power needed to slug it with the other clubs in President Roche's sometimes storm-tossed circuit.

Doug Stevenson was their lone 300 hitter over the whole tour with Clair Bailey coming fast of late to help back the load.

Defensively the Harney hopefuls were adequate. In Enjan, Jack Bartlett, hand throwing Ray Canepa, Al Superstein and more Cubs had their share of games who could go and get 'em.

Tony Chulla is tops in base stealing, will still be the ace puffer artist when the schedule winds up 10 days hence. Too bad, for the sake of fellows like Chulla, that you can't steal first base.

Al Purvis, who had a fine freshman season, Morrie Hawley, Les Sullivan, Treseder, Jones, Jerry Purvis, have given Cubs good enough pitching over the past six weeks.

However, Forrest Turner, counted upon for plenty of help, couldn't get untracked, finally went to Ekimoks in a trade.

One of two more tough hitters might have turned the tide, but might have swatted Cubs to a playoff berth.

## They Can Play a Vital Role

With nine games remaining Cubs still can be a vital force in determining the final standings of the other three teams. There isn't so much separating Ekimoks, Purvis and Buono that one or both of the Calgary clubs might not yet overhaul the gang managed by effervescent Ed Morris.

On the other hand Ekimoks, who tackle Cubs again Thursday night before coming to grips at Renfrew with Buffaloes in a three-game Friday-Saturday-Sunday series, might have the pennant all but in the satchel by Sunday night.

Cubs, of course, can be plenty helpful at the week-end by taking care of Purvis in a couple of the contests scheduled for Buffalo stadium.

This might be sufficient to put Babs on an easy street if their own showing against Buffs is up to the mark.

The current Cub roster won 20 of its last 39 games. But there was no making up for a dismal early start.

But next year. That was a new deal again for the California-tinged young Bruins.

## Alberta Cricketers Turn Back Manitoba

VANCOUVER, Aug. 5.—(CP)—Ontario deservedly beat British Columbia Wednesday in one of the third day matches of the Canadian cricket championship, scoring 169 runs and then dismissing the coast team for 103.

This was Ontario's third win in as many starts, at Victoria, B.C., where they defeated Columbia's two wins and one defeat. Provided both teams win their other two matches before Saturday, B.C. must draw a five-start before losing the last game that day in order to tie the easterners again for the title, and jointly hold the Brian Walker trophy.

Alberta registered its first win of the tournament at against two defeats by downsing Manitoba, 187 runs to 122, in the other match. The Alberta skipper rightly claimed an extra 30 minutes of play in order to reach a decision. Manitoba has won its last three games.

Ralph Jones made 24, Ray Bonello 38, and Pete Snell hit four 20s to give Alberta a five-start before losing, and later in the innings Skipper Laurie Wright carried his bat for a splendid 57, not out, while Bill Webb came in to bring the team back to a more proportionate. Bowling honours for Manitoba went to Harold Gifford with four wickets for 52 runs; Ron Turnbull with two for 21 and Doug Stewart with two for 28.

With two hours and a half left to go, Manitoba played at a snail's pace and when regulation time for drawing stumps at a vicious, untold loss, they accomplished their objective, having 8 wickets down for 14 runs at that time. But the Alberta skipper rightly claimed an extra 30 minutes to reach a decision, and the last man was out with only 13 balls to be bowled.

A goal by Burke sent NS Leg into the lead not long after the start and they never looked back. It was 1-0 at the half and

## Shed Row Bits

It's hot and no one's trying to get down a bit, that Green Grass of Wyoming, presently playing at one of the local cricket palaces, has seen by several hundred thousand movie fans before the producers eventually stuff it in a can and shelve it against a remake in the future.

And just as for certainly it's 100-1 and no takers, that some of the thousands who need the technical presentation of the outdoors will get quite the bang out of it that Lou Marks, the Kentucky horseman, does.

Before Marks was born his father built the race track shown in Green Grass of Wyoming. Papa Marks (Philip), he was living in Lancaster, O., at the time. He had a first thoroughbred horse, the standard-bred that passed and trotted their way into the hearts of the fans in those days. The folks asked Papa Marks to lay out a track for them. That was in 1902.

Lou Marks, 41 years of age, is generally looked upon as a force for real good in prize racing. In his youth, and until he was past 40, Mark's first and only love was the racing madhouse. He didn't want any part of the running-horse game. Then in 1932 he was the first thoroughbred horse he hadn't stopped since.

Owner Mark's first horse to Western Canada in 1938. In his time he has carried much good stock into this country. Essentially he is a trader. Because of this he has made many of his best horses in Canada. Quite a number of prize blood mares also were brought into the country from the States. He has close to 16 horses in his string.

Marks came to see racing racing under the lights as far back as 1886. He was just a little gaffer about the time the promotion in Lancaster drilled gas wells in the infield and ran it through pipes to the front all around the track. The lights were 'turned on' and away they went.

Like many another trainer or owner, Marks has seen a lot of big prize going with his own horses at the Exhibition track. A horseman, he has a number of horses in his blood to stay. And he doesn't much care whether he has a horse or not, as long as it's standardbred. In his book the head of the qualifiers in the city amateur championship, kept things pretty well according to Hoyle at the Highlands last evening by bowing out to Vern Mohs in the quarter final.

Mohs, favored to regain the crown he won in 1946, made the turn two up and then tossed a winner and a string of pairs at Alken in the stretch run for his victory.

The stage is now set for the semifinals, slated for Saturday afternoon. In the upper Mohs will play against Martell, while in the lower bracket young Harper is pitted against Burns Martell.

Mohs got away to an odd start. He cleared his second into the bush near the first green. He gave that one up.

Alken, which started to the back after the green. His chip was strong, but he had the back of the hole, jumped high into the air and came down in the cup. That's how he won.

He had a good enough to give him a half, for Alken's "strong" hooked the trap on the left and he needed three more to hole out.

Johnny went one up on the third when Vern hooked his shot into the river, but Vern took the 5th and 6th when Alken was weak on a couple of chip shots.

The 7th was another of their bad holes. Both were at in two, and Alken's third wound up in two. Mohs was the winner of the green and needed three more to hole out and Mohs won with a hole five.

Alken out the deficit to one on the 10th after Mohs hooked his drive into the trees on the left, but he hooked it away again by three-punting the 11th. Alken missed a three-funder on the 14th to go three down and they halved the last three holes of the green. Both had birdies on the 16th.

Mohs won no play games when Johnny a dull boy, someone once said, Johnny Lee hit in a position to give an opinion on that saying, but he does know a golfer better than he has been getting of late.

Johnny went down to a crushing 6 and 3 defeat before the steady shooting of Lloyd Greer in the quarter final of the consolation, Wednesday. In that round Johnny had the grand total of one par—a stroke over the fourth.

In the clubhouse he announced he was getting from golf—he he said it with a big grin. He also said he had had only eight hours of sleep in the past five days, due to night work and a trip to the championship consolation.

His sleepiness reached its peak on the 8th green. He had a straight putt to the cup, but when his ball stopped rolling it was eight feet off line.

Danny Podersky, sharp-shooting Montreal Club star, played about the standard golf of the evening to defeat Johnny Greer 4 and 3 and advance to the Consolation.

Podersky put together 14 pars and four bogies to gain his edge. He now will play the winner of the

### Johnny Aitken Goes Down 3-2 Maple Leafs Turn On 'Hot' EAC's 7-3

Strange as it may seem, few medalists ever win gold. ## Fresh Fruits Arrive For Deluxe Desserts

Blueberries, Peaches, Cherries

Available for Summer-Time Desserts

Blueberries and peaches, making their initial 1948 appearance, can be whipped into mouthwatering desserts. Hot or cold, served with cream, ice cream or cakes and sauces, they hit just the right spot with fruit lovers.

Here are a few de luxe summer desserts using peaches or blueberries:

Looking for a de luxe summer dessert? Well, try these blueberry tarts. For an extra treat, serve them with lemon juice.

### GLAZED TRUE BLUEBERRY TARTS

(Serves 4)

One box blueberries, 4 baked tart shells, 1/3 cup sugar, 1 tablespoon cornstarch, few grains salt, 1/2 cup water, 1/4 teaspoon glucose orange peel.

Wash and drain blueberries. Fill baked tart shells with half of the blueberries; reserve other half for the glaze.

Combine sugar, cornstarch and salt; blend well. Gradually add water, continue blending, add remaining blueberries and orange peel.

Cook over low heat until mixture is thick and clear, stirring constantly. Using a spoon, pour over blueberry tarts to cover.

When cool, garnish with whipped cream.

## Horoscope

By FRANCES DRAKE

Look in the section in which your birthday comes and find what your outlook is according to the stars.

### FOR FRIDAY, AUG. 6, 1948.

March 21 to April 19 (Aries)—Dignity. Avoiding the men who are too sure of themselves and too sure of their own power. You can get ahead by accepting your own limitations and not being afraid to push them.

April 20 to May 20 (Taurus)—Venus. Venus is in the sign of Taurus, which is a good sign for you. You can be a good person in work, all around interests. Watch money.

May 21 to June 21 (Gemini)—No enemies. Carry on as usual. In the sign of Gemini, you can be a good person in work, all around interests. Watch money.

June 22 to July 22 (Cancer)—Likely an indifferent day for personal affairs. But with extra care you can get ahead. You can be a good person in work, all around interests. Watch money.

July 23 to August 22 (Leo)—A warning now in your sector not to change well made plans or smoothly running projects. Let calm prevail and wait, eyes open for changes to come.

August 23 to September 22 (Virgo)—The artistic and intellectual matters for which you have training or talent can bring fresh benefits today. But remember, experience or self-confidence is lacking. Beyond social.

September 23 to October 22 (Libra)—As with Taurus now, you'll have need for extra patience, persistence and likely self-criticism for the general good in your occupation, often business or professional. Good good.

October 23 to November 22 (Scorpio)—Encouraging for your private affairs and general allied interests, especially if they require a militant attitude. Success, finally. Here.

November 23 to December 22 (Sagittarius)—A few warning signals up to now. Avoid extravagance. Look for substantial things for now. For serious life. Try day if you believe.

December 23 to January 22 (Capricorn)—Favorable and promising. You may bring favorable results for worthy efforts. Look for new ideas, unusual or new activities though you may be surprised. Don't overdo.

January 23 to February 22 (Aquarius)—Watch Venus and the Sun. Avoid for greater attention to essentials. Be sure you are important to yourself. Concentration care will make the tricky spots.

February 23 to March 22 (Pisces)—May be a trying day for some things, but if you have faith in God and yourself and be determined when you should, you can do well. Don't ask new change unless necessary.

**SWEET, JUICY BLUEBERRIES** make jewel-like tarts. Fresh blueberries from British Columbia and locally grown berries are available in Edmonton stores now.

Mix flour, baking powder and salt together; cut in shortening and add enough ice water to make a stiff dough.

Cut in flour and serve from the dish in which it was baked.

Cherry Jam (Makes about 11 8-ounce glasses) Four cups prepared fruit, 7 cups sugar, 1 bottle fruit pectin.

To prepare the fruit: Wash and pit about 15 pounds fully ripe cherries. Chop fine and measure 8 cups into a very large saucepan.

To make the jam: Add sugar to fruit in saucepan and mix well. Place over high heat, bring to a full rolling boil, and boil hard 1 minute, stirring constantly.

Remove from heat and at once stir in bottled fruit. Then stir and simmer for 5 minutes to cook slightly, to prevent floating fruit. Ladle quickly into glasses. Paraffin at once. Note: For stronger cherry flavor, add 1/2 teaspoon almond extract before bottling jam.

Sweet Cherry Jam: Substitute sweet cherries for jam. Rubbing the above recipe. Use only 3 1/2 cups prepared fruit and add 1/2 cup lemon juice.

CHERRY JELLY (Makes about 11 8-ounce glasses) Three and one-half cups cherry juice, 7 cups sugar, 1 bottle fruit pectin.

To prepare the jelly: Fruit (do not pit) about 15 pounds fully ripe cherries and crust thoroughly. Add 1/2 cup water; bring to a boil and simmer, covered, 10 minutes.

For a stronger cherry flavor, add a few crushed cherry pits during simmering, or add 1/2 teaspoon almond extract before pouring jelly. Place in jelly cloth or bag and squeeze out juice. Measure 3 1/2 cups juice into a very large saucepan.

To make the jelly: Add sugar to juice in saucepan and mix well. Place over high heat and bring to a full rolling boil.

**White Taffeta Worn By Bride**

In a recent morning wedding ceremony in the Immaculate Conception Church, Lorraine Cecilia Langue was the bride of Arthur Plamondon.

The bride is the daughter of Mr. and Mrs. Prosper Langue and the bridegroom the son of Mr. and Mrs. Emil Plamondon, Plamondon.

The Rev. Father J. R. Keichen performed the ceremony. A dress of white taffeta was chosen by the bride who was given in marriage by her father.

She carried a bouquet of Tallinn roses and wore a double strand of pearls.

Lorraine Langue was her sister's only attendant. She wore a dress of white taffeta and carried a bouquet of summer blossoms. Her maid of honor was a double strand of pearls.

At a reception in the Corona hotel Father Keichen proposed the toast to the bride.

Before taking up residence at Plamondon the couple left for a honeymoon trip to Haiti.

# Red Spies May Be Operating in U.S.

## Republican Has 'Good Reason' To Believe Agents in Action

WASHINGTON, Aug. 5.—(AP)—Karl Mundt, Republican member of the House of Representatives from South Dakota, said today there is "good reason to believe a Communist spy ring is operating in Washington right now."

"We are investigating the act," Mundt said, "and I am chairman of the House Un-American Activities committee."

So far, committee hearings have dealt only with testimony that Red espionage was at work in the United States government during the war, and that a Communist "underground" operated here before the war.

However, the Senate investigating committee which is looking into recent espionage has turned up evidence that 38 workers have been fired as disloyal since the government's loyalty program was set up 16 months ago.

That came out while the Senate group was trying, since, and still in vain, late yesterday to get more background information on William W. Hastings, suspended \$935-a-year Commerce Department official.

Three admirals and Navy Secretary John L. Sullivan said they

# KASAGAWAGAMOG HAS SEA SERPENT

LINDBAY, Ont. Aug. 5.—(AP)—Lake Kasagawagaming has a sea monster all of its own. Passengers on the "Queen Mary," a small yacht, said yesterday the 10-foot animal frayed about the Hamilton Highlands and near sunset, like as if it were playing tag. "The creature," it was about six feet long with a four-foot tail, the head of a turtle, and a fin protruding from the center of its back. The Kasagawagaming yacht held up the boat's schedule for one hour while passengers gazed.

# Butter For Boy Explorers

LONDON, Aug. 5.—(CP)—Canada's anti-monopoly laws have caused the light-titled treasury to release \$500 to buy butter for the schoolchildren in the north of northeastern Canada.

Comptroller Murray Lewis, leader of the British Section in the planning society, said yesterday that "Neither we nor the food ministry knew margarine was banned in Canada. We worked out the whole of our planning with the ministry which gave us the export licenses."

The marketing now is on its way back to England.

The 60 boys, all aged 17 to 20, sailed today from Liverpool on the Empress of Canada. They will visit northern Ontario and Quebec, mapping and collecting specimens for the British museum.

# Calgary Mayor Tests Fire Ladder

CALGARY, Aug. 5.—(CP)—Mayor J. C. Watson yesterday made a personal test of the city's new 85-foot aerial ladder test truck. He also tried out a canvas overcoat used for rescuing people from up-per stories of burning buildings.

# Walkers' Assn. Meets In Canada

ST. CATHARINES, Ont. Aug. 5.—(CP)—The International Walkers' Association—whose members habitually walk from six to 25 miles a day—will hold its annual convention here Sept. 1-8. It will be the first time the convention will be held in Canada.

# Americans Urged Not To Cut Canada Travel

By CLYDE BLACKBURN  
WASHINGTON, Aug. 5.—(CP)—The News, Washington newspaper, yesterday describes as "manifestly a shortsighted policy" any move to cut down travel in Canada because of restrictions in the Dominion on foreign exchange available for travel in the United States.

"Our best neighbor, Canada, it is manifestly to our advantage to keep from that common ailment—a shortage of dollars."

Obviously, the News continues, it is unbusinesslike to suffer from it. Instead of winning their hands they forced up to the situation. They restricted their imports so that what dollars they had left would not be used for non-essential American products."

Obviously, United States citizens are going to Canada in great numbers. Every day The Canadian Press office here and every listing in the telephone book with "Canada" in it receives numerous inquiries about the Dominion from Americans.

LONDON, Aug. 5.—(CP)—John Maclean took off yesterday for a 1,000-mile flight to Vancouver where his father is seriously ill. The 36-year-old Canadian student was on a 10-hour walk in the northwestern English when he got word from his father's illness.

HEART-TOUCHING DRAMA of innocent people caught in the web of world unrest and intrigue which preceded the Second World War is told in the stirring movie "Arch of Triumph," opening at the Rialto Friday. Ingrid Bergman, Charles Boyer and Curt Bois are pictured in a scene from the movie dramatization of Erich Maria Remarque's famous novel.

# 'We Want Willie' Students Shout — Premier Appears

By George Ronald  
OTTAWA, Aug. 5.—(CP)—One hundred university students last night staged a tumultuous, colorful political demonstration which staid old Ottawa won't forget for a long time.

After a day-long convention, a big dinner and a political speech, they piled into three buses and went to the University of Ottawa campus, turned a strictly out-of-step parade—and headed for Prime Minister Mackenzie King's doorstep.

All this was in the late evening, to the roar of university songs and football yells. With a record-breaking sound truck too, and a police motor cycle escort.

SONGS AND CHEERS  
The 25-year-old prime minister

Mr. King, beaming happily on the

crowded front porch, waved as the crowd raised its applause and photographers flash bulbs popped off said "thanks with all my heart."

After a brief resume of Liberal party aims, he lighted three big four-foot torches representing the anti-security-freedom watershed of this week's Liberal party convention.

The CULP contingent then marched through downtown Ottawa to the southeast corner of Parliament Hill. There, at the foot of Sir Wilfrid Laurier, the torches were held aloft and the crowd chanted the Liberal motto: "We want Willie!"

And, when "Willie" appeared for blacks, people said, later, they could hear the crowd's "For lack of a jolly good fellow," and the running "There, there, for Mackenzie King."

More Nationalized Industries Urged  
LONDON, Aug. 5.—(AP)—The powerful National Union of Public Employees will propose nationalization of more industries to ensure success of the European Recovery Program in Britain. Belief that the recovery plan must be coupled with more government operation of industry is set forth in a resolution which the union will present in the Trades Congress in Margate next month.

# Continental 3 Ready To Test

By Orell Jackson  
Preparations to bring Leduc-Woodland No. 3 well of the Continental Oil Company of Canada into production are well under way. The mud in the hole has been conditioned in readiness for swabbing operations and arrangements are being made to provide storage for the first cretaceous oil produced in commercial quantities in the Edmonton area.

This well, which is the largest centre of interest in the Leduc-Woodland fields, started last week as a Devonian test. It is situated on a 160-acre tract, 2 1/2 miles east of the Woodbush discovery and a similar distance north of Leduc production. No evidence was found of Devonian oil and the hole was plugged back from 3,500 feet to its present depth of 4,300 feet.

The side walls of the hole were grouted at the lower Cretaceous level. The hole was then cased to a preliminary series of tests.

GOOD QUALITY OIL  
Drill stem tests run in the ungrouted well gave a flow and good fluid flow. Fluid consisted of 48 gravity crude oil, 100 to 150 feet from a highly porous sand of the basal Cretaceous formation.

The hole has since been cased and has had production tubing run. It is being perforated in the lower part of the porous sand. In an effort to keep water to the surface, production tests will be run under heavy pressure.

The quality of the crude found at this hole is the same as in the Devonian of the Leduc field which makes it superior to other showings elsewhere in the field.

NEW LOCATION  
Substantial but reliable reports indicate that the drilling rig from Imperial Vomer moved 11 miles north of Edmonton will be in the field.

# Duplessis Blamed For Sectionalism

Exploits Localities Against Each Other Says Claxton

OTTAWA, Aug. 5.—(CP)—Defence Minister Claxton last night attacked Premier Maurice Duplessis of Quebec as "exploiting dangerously the interests of one locality against another."

## Tiny Yacht Makes Harbor Safety

Halifax, Aug. 4.—(CP)—The tiny yacht Whisper, reported missing on a voyage from Yarmouth to Chester, N.S., made harbor safely at Chester today.

The craft, manned by Peter Stanford and Charles Detzen, believed to be from Maine, was reported missing after leaving Yarmouth Thursday.

Two RCMP search and rescue Lancasters and the RCMP cutter MacBrien had joined in the search but were recalled after RCMP at Chester reported the yacht's safe arrival.

Puerto Rico is the easternmost of the islands of the greater Antilles.

## Candidate Urges 'Equality' For Cities In Mixed Drinking

CALGARY, Aug. 5.—(CP)—L. Dordley Ward, Liberal candidate for Calgary in the Aug. 17 provincial election, last night demanded "equality" for Edmonton and Calgary with rural areas in the matter of mixed drinking.

Both at the beginning and end of his address, Mr. Ward dissociated other Liberal candidates and the Liberal party from his views on mixed drinking.

Mixed drinking is allowed in beverage rooms throughout the province except in Calgary and Edmonton.

## Druggists Choose Convention City

WINDSOR, Ont., Aug. 5.—(CP)—Windsor was chosen as the convention city of the Canadian Pharmaceutical Association for 1948, it was announced yesterday at the opening session of the association's 46th annual convention.

The meeting will coincide with a convention of Saskatchewan druggists the week of Aug. 18. The two conventions are expected to take up the entire week.

Claxton, "fail to realize that as Canada's common interests as Canadians, and exploit dangerously the interests of one locality against another."

## HAD SHOES 15 YEARS, THEY'LL SOON BE STYLE

OMAHA, Neb., Aug. 5.—(AP)—The passage of time and the habits of style makers today mean that shoes worn since 1933 are now considered "fashionable."

Recently the former teacher from Creighton, Neb., returned a pair of shoes to an Omaha shoe store seeking a refund. When asked to check her purchase records, Miss Carroll was surprised to discover that 15 years had elapsed since she purchased the then-stylish Irish linen shoes with their long toes and Baby Louis heels.

She said her feet had been bothering her at the time of the purchase so she put the shoes aside.

The store owner's advice: "If another three years they'll be 'fashionable again'."

## 17 Persons Hurt By Midget Auto

OWASSO, Mich., Aug. 5.—(AP)—At least 17 persons were reported injured last night when a midget auto racer hurtled off a race track and into a crowd of spectators.

The racer, driven by William Stone of Howell, was travelling between 60 and 70 miles an hour when the mishap occurred.

## Leg Broken In Five Places, Man Found After Four Hours

MACLEOD, Aug. 5.—(CP)—His leg broken in five places below the knee, Leonard Gray lay helpless four hours yesterday on a district farm until he was discovered and taken to hospital.

Employed on the farm of Leo Leming, eight miles south, Gray was hurt when his overalls tangled in the machinery of a power sweeper. He turned off the machine but not before being severely injured.

Garry Leming, brother of his employer, later found the man and took him to Macleod hospital. His condition is said serious.

## Unidentified Body Buried In Calgary

CALGARY, Aug. 5.—(CP)—Body of an unidentified man, recovered from the Bow river near Nakiska in the Strathmore district Tuesday, was buried yesterday.

Police said investigations had revealed the body was not that of either John Krenn or Thomas Bukowski, who have been missing since early spring.

Authorities said the body was that of a man between 20 and 30 years of age and had been in the water for a considerable time.

# 'Tropical Island' in Barren Lands Is To Be Probed

THE PAS, Man., Aug. 5.—(CP)—Game officers of Manitoba and Saskatchewan are to investigate a "tropical island"—a reported oasis of grass and tall timber amid far northern Barren Lands.

The island was discovered on an air-trip west of the Hudson Bay Port of Churchill. It is in a lake about one mile long and its trees are reported to be so large they cannot be cut with the light camp axes carried by natives and the few white travellers.

Pending investigation, actual location of the oasis is not being announced. But Harold Wells, supervisor of registered trappers for Manitoba, described it as being "not far north of northern Manitoba's northern boundary."

This presumably would place it somewhere in the southern stretches of the district of Keewatin, North West Territories.

## Delegate Collapses

OTTAWA, Aug. 5.—(CP)—Edmund Navey, 84, of New Westminster, B.C., a delegate to the National Liberal convention here, collapsed yesterday at the convention hall and was rushed to hospital. He was attended by Dr. J. L. MacLellan of Vancouver, also a delegate.

## Two Severely Burned In Explosion, Fire

LEBEC, Calif., Aug. 5.—(AP)—An explosion and fire at the General Petroleum Corporation refinery here early today severely burned two men. There were no fatalities.

The fire was brought under control within 40 minutes of the blast. Damage was confined mainly to truck sheds and a loading dock.

The blast followed explosion of gasoline being loaded into a tank truck. It was reported. Refinery crews immediately shut off pipe lines carrying gasoline into the plant, thus preventing greater damage.

the short Arctic summer—and on an ordinarily level waste.

Whether the timbered oasis has attracted odd strains of animal or bird life is also to be investigated. Wells said the towering pines and other trees on the island have limbs which appear to start at ground level, some as thick as a man's waist.
